QUALITY PROTECTION FOR YOUR BUSINESS & LIFE

HOME & SMALL BUSINESS SECURITY

Vigilance • Courtesy • Service

Locally owned and operated, Baldwin County's Coastal Security promises dependable, personable assistance from our staff. Specifically designed to provide fast, reliable — yet affordable— protection from burglary, fire and other concerns, our systems feature specialized water intrusion detectors that sense water leaks and immediately notify our central station. These devices guard unattended homes and condominiums from exorbitant water-damage repair costs, especially for multi-level buildings in which leaks can affect several floors.

Did you know A SINGLE SYSTEM CAN:

- ensure protection from burglary, fire, carbon monoxide and other dangers
- help reduce insurance premiums by as much as 20 percent
- include critical condition monitoring, such as temperature/flood
- feature varying "chime" modes for entry/exit point notification

TYPICAL HOME OR SMALL BUSINESS SYSTEM WOULD INCLUDE:

DIGITAL KEYPAD WITH LCD DISPLAY

- Contact the fire department, paramedics and police department with the touch of a button.

REMOTE KEYCHAIN HOME ALARM SYSTEM CONTROL

- Arm or disarm your security system easily from your car, house, or yard.
- Press "Panic Button" if you see signs of burglar activity, or need medical assistance.
- Conveniently, the control resembles most standard car-alarm keychain remotes in size and shape.

HOME ALARM SYSTEM BACKUP POWER SUPPLY

- Even if a power outage occurs, your home will still be monitored through our alarm system.

HOMEOWNER'S INSURANCE CERTIFICATE

- Save up to 20 percent on your homeowner's insurance.

CERTIFIED HOME ALARM SYSTEM INSTALLATION

- Installation of your home alarm system by a certified installer ensures quality.
- Wireless home-alarm system installation means no unsightly wires or drill holes

SIGNS FOR THE YARD, STICKERS FOR DOORS AND WINDOWS

These warnings of Coastal Security monitoring and alarm-system protection help deter potential burglars away from your home.

MOTION DETECTOR FOR INTERIOR PROTECTION OF YOUR HOME

- Our pet-immune, dual-zone motion detectors safely accommodate usage in households with pets 50 pounds or less.
- A tone or voice alert lets you know when monitored doors and windows are opened or closed.
- For extended protection, additional motion detectors can be easily installed.

LOUD BURGLAR ALARM SIREN

- While inside your home, the system alerts you to any burglar activity around or within your house.
- The alarm signals to burglars that your home is monitored and the police are on the way.
- Neighbors can recognize that your home is being burglarized, and that the burglar may still remain in the area.
- When police arrive, they can quickly locate the burglarized home.

WIRELESS DOOR SENSORS

- Points of Protection are included for up to three doors free of charge.
- Additional areas can be easily added to the protection plan with our expandable system.
- Optional door-chime alerts signal any usage of entry doors.

Providing the finest and most reliable protection available since 1997, Coastal Security focuses upon maintaining integrity and delivering prompt professional service. At Coastal Security, you receive person-to-person service, and won't be greeted or directed by a recording.
